PRAYER ACTIVITY

Pray for the World

Equipment

Large world map, Post-it notes, pens.

Optional: Newspapers, photographs from magazines, inflatable globes.

Set up

Display the world map, either on the floor or securely fixed to a wall, along with any newspapers or other information that you have collected, and some Post-it notes and pens. This is a great place to display information about any international charities which the school supports, partner schools in other countries or other overseas links that the pupils may have.

Encourage pupils to write or draw their thoughts or prayers on the Post-it notes and stick them on or near the country.

Instructions

Look at the world map.

Do you have family or friends who live in another country?

Have you heard about any of these countries on the news?

If you want to, you can write or draw a thought or a prayer for another country, or for someone you know in another country, onto a Post-it note and stick it on the map.
